Frequently asked Questions

What should I wear for my portrait session?

Clothing should be simple and non-distracting. Avoid loud colors or patterns. Long sleeves dresses and shirts are recommended. Coordinate your attire from head to toe, selecting appropriate shoes and hosiery. White and light pastel colors are best in portraits made against a light background with darker colors for portraits against a dark background. With groups, coordinate everyone's clothing. Don't mix casual and formal attire. We will be happy to schedule a clothing conference with you if you are unsure of your clothing choices.

Will we receive proof prints?

We are currently proofing by digital projection at our studio. If you are out of town, we offer online proofing on our website.

How long do we have to order our prints?

The online previews will be available for 30 days. We request that orders be made within that time period. If you need additional time, please contact us.

What is your payment schedule?

Session fees are due at the time of the booking. This reserves the time and date for your portrait session. Print orders require a 50% deposit with the remainder due when the prints are ready.

Do you frame the portraits?

We have a selection of frames and matting or you may choose to use one of many excellent local framers.

Do you retouch your portraits?

Yes, simple retouching and image enhancement is included in the price of the prints. Extensive retouching, including changing heads may incur additional fees. These are quoted on a per job basis.

Do you offer other services such as holiday cards and portrait albums?

Yes, we have a number of additional items available. Please let us know your needs and we will provide a price quote.
